UX/UI Projects

10/2021 – **Lumen, Health and Wellness App**

06/2022 CareerFoundry Case Study

- Applied a mobile-first approach and created a responsive web app to assist users in achieving their goals through habit tracking, meditation, and education.
- Engaged in user research, information architecture, collected and analyzed quantitative data to identify pain points and create an intuitive user experience.
- Reduced visual complexity and cognitive load by referencing WCAG and creating a consistent UI with consideration for accessibility.

Work History

2016 - **Art and Design Teacher**

Current Mount Olympus Prep , Salt Lake City, UT

- Created and implemented a design curriculum.
- Inspired students and assisted in developing creativity and self-expression through the use of design principles.
- Taught students to identify key elements of style, intent and emotion when telling a story visually.
- Managed and iterated coursework for classes of 20 students.

2011 - **Graphic Designer**

2016 Self Employed , Salt Lake City, UT

- Designed graphics for websites, logos and promotions for marketing purposes.
- Used Adobe Creative Suite to create images and layouts.
- Employed design fundamentals when selecting typography, composition, layout and color in design work.
- Met with customers to present mockups and collect information for adjustments.
